

IMPRINT

Imprint draws its inspiration from traditional Indian motifs, to create a statement piece of art.

Here, a fossilized leaf effect is created by screen printing multiple layers of a blend of ceramic pigment, glaze and structure material. The blend passes through a mesh of varying thicknesses to create an undulating stone finish. The leaf motif is then hand painted and made to fuse with glass frits to get a natural crackle effect.

Customization of Design, Colours and Sizes available on request.
